

Inclement Weather Letter

November 16, 2018

Dear Parents and Guardians,

Since we experienced a bit of winter weather yesterday, a paper copy of this this letter is being sent home today. If you need to update your contact information, so you receive the Honeywell alerts, please do so ASAP by calling our office, so that you will be properly informed.

Now that we are entering the winter season, I would like to remind you of the following information on delayed openings, early dismissals and school closings due to inclement weather.

Possible reasons for delayed openings of school closure: amount of snow, icy roads, weather precipitation is continuing, weather predications, and building problems – no heat, electricity, etc.

Announcements of delayed opening, early dismissals and/or school closings will receive an automated phone message and email by our Honeywell System; Watch channel New12 NJ and/or listened to 1450 Talk Radio WCTC Station or go on their online websites www.wctcam.com and www.magic983.com to see severe weather delays and school closings.

When OLV School calls a delayed openings, classes will be one hour late. Our school doors will open at 8:10 for parents who drop off their child(ren) and classes will begin at 8:40.

Students who use the buses from Transportation Department of the Borough of Sayreville, will be picked up 90 minutes later from their pick up time. You can check the status by going to www.sayrevillek12.net website for a delayed or closing announcement.

Please be aware that there may be times when OLV School will call a delayed opening or school closing before Sayreville does and we will make the announcements as stated above.

Your child's safety is our primary concern and I will always caution on the side of safety first. Remember, as the parent, you are the final authority as to whether you want to send your child to school.

God Bless!

Cynthia Casciola-Kitts
Principal
